REMUNERATION POLICY

Objective

To put in place a policy relating to remuneration payable to the employees including the key management personnel of the Company.

Philosophy

The underlying principle of any pay for performance philosophy is "Procedural Justice" and "Distributive Justice".

This applies to the Key Management Personnel as much as it applies to all employees.

Royal Sundaram's philosophy is to provide pay & benefit programs that support our objective of becoming a leading insurance company in India that attracts high performing people. This philosophy supports the principle that employees are our source of strength and that pay and benefits program should reward employee contribution to customer satisfaction, quality, efficiency, growth and teamwork.

Royal Sundaram has a Compensation Programme which provides employees with pay & benefits that, in total, are Competitive with other leading Companies.

Direct pay is the most visible compensation employees receive for the work they perform at Royal Sundaram. The Company's pay program is a pay-for-performance system. It is designed to recognize differences in job levels and to reward job performance.

How is competitive pay determined

Each year a Salary & Benefit Survey is done to view the Compensation Levels and pay practices of other relevant companies. This data helps in designing and administering compensation programs that are competitive with other leading companies for similar positions.

Royal Sundaram participates in Salary Surveys commissioned by other companies through a reputed consulting firm each year. Royal Sundaram further gathers information independently through the year.

The Salary Administration programme

To help ensure fairness and consistency, Royal Sundaram's salary administration program is intended to reflect the value of the job and recognize employee's job performance. It provides:

- Incentives for employees to achieve salary increases through job performance job performance directly influences salary
- The ability to employ people with high level qualifications needed to meet the Company's objectives.

How value is measured

The employee's reward for contributions to the Company's continued success is based on two measures of value:

- The value of employee's job
- The value of employee's individual performance

The review is based on characteristics like job complexity and how much independent judgement, skills and education are needed to perform the job.

The competitive data is used to develop a salary range for each salary grade. The ranges are comparable to those for similar jobs at the companies participating in the compensation surveys reviewed.

Salary can progress in the salary grade range through merit increases, which are linked to performance.

Salary ranges

Royal Sundaram periodically reviews salary grade ranges and may adjust them to ensure that the 2nd and 3rd quartile of comparable companies fits into our salary range. This ensures that our employees with good performance levels can get salaries equivalent to the target quartile of comparable companies. The review is done effective April each year.

Salary grades

The salary grades have been spread within a four level structure. The job levels are four but salary grades are 14 to factor in the progression needs of the employees. All employees within a level will have comparable profiles.

The four job level are as follows:

- a. Officer: The positions in this level perform "analyst" roles, where the major task is analysis of information/data and implementation of policies and procedures.

To the members of Royal Sundaram General Insurance Co. Limited

We have audited the Internal Financial Controls over financial reporting of ROYAL SUNDARAM GENERAL INSURANCE CO. LIMITED as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SCHEDULE 16

SIGNIFICANT ACCOUNTING POLICIES

1. Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention, in accordance with the generally accepted accounting practices and accounting requirements prescribed by the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002 ('the Accounting Regulations') and amendments if any, The Insurance Act, 1938, The Insurance Regulatory and Development Authority Act, 1999, Orders / Circulars / Notifications issued by IRDAI from time to time, the Accounting Standards issued [by the Institute of Chartered Accountants of India ('ICAI')] under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014 and the other requirements of the said Act, to the extent applicable.

The preparation of the financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amounts of revenues and expenses during the year and disclosure of contingent liabilities as at that date. The estimates and assumptions used in these financial statements are based upon the management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from those estimates, and any changes arising there from are accounted for prospectively.

The Company follows the mercantile system of accounting and recognises items of income and expenditure on accrual basis.

2. Revenue recognition for insurance business

Premium (net of Service Tax / GST) is recognized as income over the contract period or period of risk, as appropriate and for installment cases, it is recognized on installment due dates after adjusting for unearned premium (unexpired risk) and premium deficiency, if any. For Government sponsored Health Scheme (RSBY), premium is recognized based on enrollment of lives and acknowledgement of the invoices by the Government. Subsequent revisions to or cancellations of premium are accounted for in the year in which they occur. Premium received in advance represents premium received prior to commencement of the risk.

Premium deficiency is recognised whenever expected claims cost, related expenses and maintenance cost exceed related reserve for unexpired risk in Fire, Marine and Miscellaneous Revenue Accounts.

The reserve for unexpired risks represents the proportion of premium written relating to periods of insurance subsequent to the Balance Sheet date, calculated principally on a daily pro-rata basis and is subject to a minimum of 50% as stipulated in the Insurance Act, 1938. However in respect of Marine Cargo and Marine Hull business a fixed percentage of 50 and 100 respectively on Net Written Premium of the year, is adopted.

3. Claims

- (a) Claims paid include claims settlement costs, comprising survey, legal and other directly attributable expenses.
- (b) Estimated liability for outstanding claims in respect of direct business is provided on the basis of claims reported till the end of the financial year.
- (c) Estimated liability for claims incurred but not reported ('IBNR') and claims incurred but not enough reported ('IBNER') is based on available statistical data and is as certified by the Appointed Actuary.
- (d) Premium deficiency if any is calculated based on actuarial valuation duly certified by the Appointed Actuary.
- (e) Salvage is accounted for, on realisable basis.

4. Reinsurance

Reinsurance premium ceded is accounted for in the year in which the risk commences and over the period of risk in accordance with the treaty arrangements with the reinsurers. Unearned premium on reinsurance ceded is carried forward to the period of risk and set off against related unearned premium.

Premium on excess of loss reinsurance cover is accounted as per the reinsurance arrangements.

Claims recoverable from reinsurers are accounted for in the same period as Claims.

Commission on reinsurance ceded is recognised as income during the year in which the reinsurance premium is ceded. Profit commission is accounted when due.

5. Indian Market Terrorism Risk Insurance Pool

The Company has subscribed to a pool created by Indian non-life insurers for insurance of terrorism risk ('the Pool') from 1st April 2002, managed by General Insurance Corporation of India ('the Pool Manager'). In terms of the Pool agreement, the Company reinsures the entire terrorism risk underwritten by it with the Pool and the Pool Manager is required to protect the portfolio for common account and retrocede it back to all Pool members including the Pool Manager, in proportion to their accepted share.

Accordingly, based on statements received from the Pool Manager up to the finalisation of financial statements, the Company combines its proportionate retrocession share of the Pool's income and expenses with similar items in its financial statements, on a line-by-line basis.

A reserve for unexpired risks is recorded at 100 per cent of the net premium retroceded to the Company from the Pool during the year.

6. Indian Motor Third Party Insurance Pool

The Company was a member of the Indian Motor Third Party Insurance Pool (IMTPIP) under which it collectively, mandatorily and automatically participated in a pooling arrangement to share all motor third party insurance business underwritten between 1st April 2007 to 31st March 2012, in respect of commercial vehicles.

IRDAI had vide its Orders IRDA/NL/ORD/MPL/277/12/2011 dated 23rd December 2011 and IRDA/NL/ORD/MPL/003/01/2012 dated 3rd January, 2012 directed dismantling of the IMTPIP with effect from March 31, 2012. The dismantling of the pooling arrangement of IMTPIP implies that the insurers liability on motor third party insurance on commercial vehicles gets restated from industry market share basis to actual policy issued basis.

7. Indian Motor Third Party Declined Risk Insurance Pool (DR Pool)

In accordance with the directions of IRDAI, the Company, together with other non-life insurance companies, participates in the Indian Motor Third Party Declined Risk Insurance Pool [DR Pool], a multilateral reinsurance arrangement in respect of specified commercial vehicles and where the policy issuing member insurer cede the insurance premium to the DR Pool (based on underwriting policy approved by IRDAI). The DR Pool is administered by General Insurance Corporation of India ('GIC').

In terms of the DR Pool agreement, the company shall underwrite, net of reinsurance, a minimum percentage of "Act only" premium of specified commercial vehicles which is in proportion to the sum of fifty percent of the company's percentage share in total gross premium and fifty percent of the total motor premium of the industry for the financial year. 75% of the premium written by the member insurer is to be ceded to the DR Pool. The fulfillment or shortfall of the mandatory obligations shall be determined based on actual premium written (net of reinsurance) by the Company and premium retained with respect to the business ceded to the DR Pool. The DR Pool shall be extinguished at the end of every financial year on a clean cut basis, based on the statement of accounts drawn by the Pool Administrator.
